Government sets 30.3 million tonne wheat procurement target

In a strategic move to bolster food security, the government has established an ambitious wheat procurement goal of 30.3 million tonnes for the upcoming 2026-27 Rabi Marketing Season. This decision emerged from a gathering of State Food Secretaries, reflecting a proactive approach towards higher wheat output, which is projected to surpass last year's impressive yield.

West Asia conflict could lift India's inflation, hit GDP growth: Economists

Geopolitical tensions in West Asia are likely to keep crude oil prices high. This could increase India's inflation by up to 20 basis points in FY27. Economists suggest fuel retailers might absorb some costs, limiting immediate consumer price hikes. Higher oil prices may also affect economic growth and widen the current account deficit.
